

DON'T STAY IN THE BACKGROUND, BE PROTAGONIST!

A BETTER TEACHING:

- increase of available exam calls. Allowance of optional mid-terms (which are actually forbidden by teaching regulations). That would help to evenly spread our workload
- possibility of adding exams to our study plan at the end of the winter exam call to help students with overbooking problems
- Increase the flexibility of our degree by allowing a greater number of elective courses. Let's be the creators of our career!

ADMISSIONS:

- The entrance test should just be a moment of self assessment for students, and everyone should be allowed to take the chance of becoming a Polito student, for both BSc and Master degrees.
- Fight those proposals (supported by other student unions) of expulsion of all students who haven't reached a minimum threshold of credits in the first BSc years

FAIR TUITION FEES:

- acknowledge the right of part-time students to pay taxes according to their incomes (there's no fee reduction for them at the moment!)
- cancel injustice for failing students: at present they lose right for fee reduction, but we believe that students who have some difficulties should not pay more than others and should have the same chances of other students
- improve proportionality of fees to family income, adopting a model similar to the one used at Università di Torino and adjusting it in order to reduce impact of the new ISEE calculation regulations

- improve proportionality of fees to family income, adopting a model similar to the one used at Università di Torino and adjusting it in order to reduce impact of the new ISEE calculation regulations

STUDENTS' WELFARE:

- full coverage of scholarships for all awarded students
- for the students whose ISEE is low but not enough for the public grant, we ask for the introduction of an additional category which should receive a partial grant
- dorm accommodation for all the entitled students at the residence halls
- increase the opening hours of study halls
- reduction of the costs of the meals at the university canteen to make it affordable to all students

18/19 March 2015
STUDENTS' ELECTIONS
Politecnico di Torino

SENATO ACCADEMICO

Nicola Rustignoli
Sara Martinengo
Riccardo Novo

CONSIGLIO D'AMMINISTRAZIONE

Erica Mangione

NUCLEO DI VALUTAZIONE

Livio Sera

COMITATO PARITETICO PER LA DIDATTICA

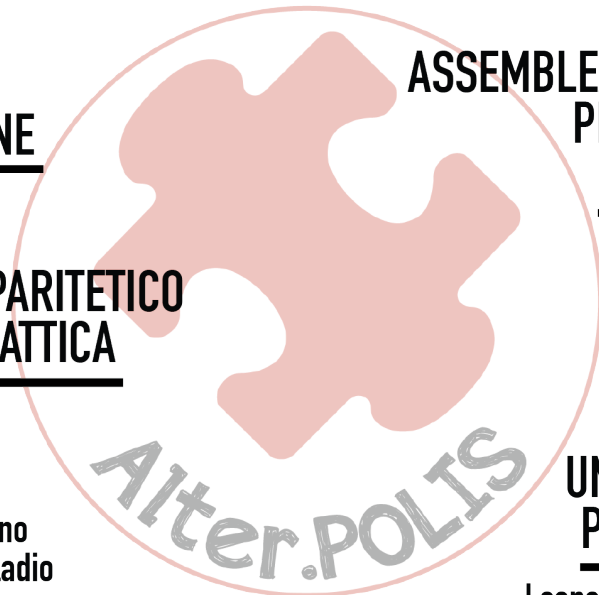

Junior Perri
Liliana Polidoro
Elsa Iuliano
Alessandra Bruno
Alessandro Delladio

ASSEMBLEA REGIONALE PER IL DIRITTO ALLO STUDIO

Simona Sellitto
Livio Sera
Giovanni Parisani

COMITATO UNIVERSITARIO PER LO SPORT

Leonardo Messerklinger
