

Riservato all'Ufficio (protocollo)

ACCEPTANCE REPORT

Year 2019 day 30 month August..... in the presence of the following participants:

- Danny Montgomery
- Julia Amici
-

we met to proceed with the installation and testing of the test bench ARC test bench, provided by the company THT

From the general recognition tests and functional tests performed it was found that:

- a) The materials used correspond for technical characteristics and equipment to what is described in the specifications and in the offer;
- b) The materials used have high quality;
- c) All the test bench and each component are connected properly;
- d) The test bench complies with what is indicated in the specifications;
- e) The test bench is fully functional and free from defects.

The commission has verified the system in its entirety and approves the testing.

TORINO, 30/08/2019.

The commission
